Membership Agreement for Independent American Patriots Private Membership Association

This Membership Agreement (the "Agreement") is entered into by and between the Independent American Patriots Private Membership Association (the "Association" or "IAP PMA"), a private association established under federal and common law, and the undersigned individual (the "Member"). By signing this Agreement, you, as the Member, agree to its terms and conditions, which are carefully designed to support our shared mission of promoting self-sufficiency, liberty, and community resilience—values inspired by the wisdom and courage of our Founding Fathers.

---

1. Private Association Acknowledgment

As a Member, you recognize that the IAP PMA operates entirely within the private domain, a right safeguarded by the First and Fourteenth Amendments to the United States Constitution. This private status is upheld by landmark legal decisions such as *Thomas v. Collins, 323 U.S. 516 (1945)*, which affirms that government intervention in private associations is limited unless there is a "clear and present danger" to the public, and *NAACP v. Alabama, 357 U.S. 449 (1958)*, which protects the privacy of our membership and activities. By joining, you enter into a private contractual relationship with the Association, agreeing to resolve any disputes or concerns through our internal processes rather than turning to external authorities or courts, unless our actions pose a significant and immediate risk to public safety as defined by these legal precedents.

B. Tax Advisory

Please note that any benefits you receive from the Association—such as prizes, services, or other compensation—may be considered taxable income under Internal Revenue Service (IRS) guidelines. 5. Dispute Resolution

Should a disagreement arise related to this Agreement or your participation in the Association, we commit to resolving it privately through:

- **Mediation**: A neutral third party, agreed upon by both sides, will facilitate an initial attempt to settle the matter amicably.
- **Binding Arbitration**: If mediation does not succeed, the dispute will proceed to binding arbitration under the rules of the American Arbitration Association, keeping the resolution within our private domain.

By signing this Agreement, you agree to handle all disputes internally and waive the right to pursue litigation or external legal remedies, except where required by law.

---

6. Nondisclosure and Confidentiality

You agree to safeguard the privacy of the Association by keeping all records, member data, Private Town Hall activities, and other sensitive information confidential. This includes:

- Refraining from sharing membership lists or personal details of fellow members.
- Keeping internal communications, plans, and strategies private.
- Using Association resources only to further our mission and benefit our community.

Breaching this confidentiality may lead to termination of your membership and, if necessary, legal action as determined by the National Stewardship.

---

7. Liability Waiver

By joining, you agree not to hold the Association, its leadership, or other members liable for any issues arising from activities within our private domain, except in cases of gross negligence or intentional misconduct. This waiver does not apply if our activities pose a clear and present danger to public safety, as defined by legal precedents like *Thomas v. Collins, 323 U.S. 516 (1945)*.

---

8. Governing Law

This Agreement is guided by the U.S. Constitution, federal common law, and the principles of natural law, reflecting our private status and non-statutory compliance. You agree that no state or federal statutes will supersede the private contractual nature of this Agreement.

---

9. Entire Agreement

This Agreement, along with the Articles of Association and the Charter of Rights, Bylaws, Ordinances, & Expectances (CRBOE), represents the full understanding between you and the Association. It replaces any prior agreements, whether written or spoken, and can only be amended by a two-thirds vote of the membership at a Members' Convention, as specified in Article VIII of the Articles of Association.
